- Expectations
  - We are governed by Roberts Rules

  - What are Faculty Associations
    - The best way to communication to the students is usually via forming faculty associations. Therefore, we encourage every FRC to form one, or if there is an existing entity, like Health Science, to connect with them and get them engaged.
  - Committees
    - Everyone is required to sit on at least one Committee
    - ACTION ITEM: Mona to send out the Committee listing and have FRC’s sign up for at least one committee.

- Procedures and Bylaws
  - We are redoing our bylaws this year, but until then everyone needs to understand how we operate via the current bylaws.

- Funding
  - We have money for FRC’s to spend on events and things to enrich student life. At the beginning of the year, each FRC grouping can apply for $600.00 and towards the end of the year if some groups are not using the funds- all other groups can apply for additional funding.

6) FRC Updates

- ENG-

  - They also hosted a lateck processing event. The feedback was to only have a one day
  - Travel awards, they awarded 11 awards. There was an issue with awards where people felt it was not transparent, and unfair, so they had an appeal. In saying that, they do have a robust set of qualification, but they are going to be more forward about the fact
  - EGS is under represented to CUPE meetings, so they will be sending a steward. The role of the representative will be to discuss the health and safety issues with the Union and things such as that.
• **International**
  
  o They need to redo their bylaws, which Ashley will help with, as she gave some comments on the draft.
  o Organize a Trivia night for June 11th
  o We discussed also additional funding potentials, and it was suggested that
